VOLUME XV

MT. STERLING, KENTUCKY, WEDNESDAY, MAY 31, 1905.

NUMBER 46

What War Has Cost in Human Life.

During the civil war there were 1,882 general engagements, battles and skirmishes in which at least one regiment was engaged on each side and in more than 60 regiments in each army the loss in killed and wounded was from 50 to 85 per cent of the members engaged.

The great battle of Waterloo decided the fate and changed the geography of all Europe. In that battle Napoleon had 82,000 men and 256 guns. Wellington, with the allies, had 72,000 men and over 200 guns. They lost on each side in killed and wounded about 23,000 men, being a percentage of loss from 25 to 32 per cent. Turn to the great battle of Gettysburg and compare it with the battle of Waterloo. Gen. Meade had 82,000 men, with the Sixth corps in reserve, with 250 guns. Gen. Lee had an army of 72,000 men, with 200 guns. The losses were 23,000 on each side in the engagement, almost identical with the losses at Waterloo.

The battle between the French and Russians at Borodino was perhaps the bloodiest battle since the invention of gunpowder; there were 80,000 men killed on each side. But as each army numbered over 130,000, the per cent. of loss was less than at Gettysburg and less than at Waterloo. Take the great battle at Leipzig, where Napoleon had 175,000 men, and where the allies had on the first day 275,000, increased on the next day by reinforcements to 330,000. There were about 10,000 killed on each side. Yet the very largest number engaged in that battle made the per cent. of loss very much less than at Gettysburg or Waterloo.

A Good Ordinance.

The passage of the ordinance introduced in the General Council on May 28 to abolish dance halls and regulate the sale of liquor in Louisville, would do much to purge the city of vice.

The evil influences of the dance hall are many. They are too well known to merit discussion. There is no argument in favor of the dance hall except that it is remunerative to the proprietor. It is not an amusement place in the proper sense of that term, but merely a rendezvous for the debauched of both sexes. Such places should by all means be closed permanently.

The sale of liquors in connection with theaters, especially theaters which are open on Sunday, exerts an influence similar to that of the dance hall in the Tenderloin.

The provision which would compel all saloons to close between the hours of 12:30 and 5 a.m., is in every way reasonable and right. The Times believes that the enactment of such an ordinance would do much to lessen crime of various sorts, especially crimes of violence.

Close the dance halls, the dive attachment to theaters, the all-night saloons and let us have a cleaner Louisville, a city which holds out fewer temptations to young men and to young women.—Louisville Times.

Watch for It.

It will pay you to watch for the very first symptom of indigestion or liver trouble and to prevent the trouble from gaining headway, by quickly taking Dr. Caldwell's (laxative) Syrup, Pepian. Nothing is more weakening to the system than chronic dyspepsia, and all its complications. Nothing will cure it so quickly, pleasantly and surely as Syrup Pepian. Sold by W. S. Lloyd at 50c and \$1.00. Money back if it fails. 42-5

Banged Senseless.

Gerald—I've been to the barber's today. Do you notice that pretty bang on my forehead?"

Geraldine—"Is that what I knocked you senseless?"—[Judge.

CLARK COUNTY.

We clip the following from the Sun-Sentinel:

The Sun-Sentinel being the only paper in the city that gives Democratic news, is reaping a harvest.

Yancey Merritt was before Judge Evans charged with selling liquor at Elkin, which is a no-license precinct. His fine and costs, amounting to \$504, was promptly paid.

The last row of brick work on the new hotel went up Wednesday. The hotel will be finished by September.

Wm. R. Beall died at his home near Kidderville May 19, aged 84. He was a successful farmer and a model citizen.

If it were not for the Sun-Sentinel our Democratic friends would be entirely ignorant of their own party's doings.

There is no question but that conditions are improving in Breathitt county. The two editors have come out of their holes and are saying things about each other.

There will be but little if any more than the average acreage of tobacco in Clark county this season. Plants are late and seriously damaged by cut worms and bugs. No interest in the proposed combine headed by W. B. Hawkins.

A full county Republican ticket will be nominated.

At a meeting of citizens a permanent Civic League organization was effected and the following officers elected: Mrs. Carrie Buckner, President; Mrs. Henry Phillips, Vice President; Mrs. A. R. Baldwin, Secretary; Miss Nannie Tucker, Treasurer; Board of Directors—George W. Bichon, Chairman; Lucien Beckner, J. Smith Hayes, N. Holly Witherspoon, S. P. Kerr, B. R. Jouett, F. H. Jackson.

Mr. Andy Dykes was kicked by a horse at his home near Boonesboro. His face and head were almost crushed.

Reports from this county indicate a short crop of Blue Grass seed. No better than a half crop is expected.

For Sale.

A number one type writer in good condition; will sell it for \$30. Terms, a small cash payment balance in weekly or monthly payments; so that the machine may day for itself. Apply at this office.

No man with any sense will attempt to run a newspaper so as to please everybody. Neither will any man with sense take offense when a newspaper publishes something that does not suit his fancy.

The only thing the newspaper man can do is to run the paper right according to his light, and if the subscriber occasionally finds something that does not suit him, he can pass it by and read some other piece that suits him better. All will be well-suited then.—Grayson Tribune.

Why Is It?

We often wonder why it is that men have not sense enough to know when they have enough—enough property and money. There are men by the hundreds all over the country, at fifty or sixty years of age, worth from \$25,000 to \$50,000, owners of the best farms in the world, working and saving year in and year out to make more money and buy more land, when the very best they can make of the job is ten years or so of fret and worry, then a funeral, and the probating of a will and a scattering of their hard earnings.

The State Council of the Daughters of America will meet in Louisville next year. Miss Amy Mullin of Louisville, was elected Grand Councilor at Frankfort.

Negro "Prophet."

Edward Johnston, colored, preacher and "prophet," who wrote annoying letters to well-known people, was tried in Judge Berry's court, Newport, on a writ of lunacy. Johnston, for a full hour, related the story of his life, how he became converted and his destiny while here on earth. The jury was unable to agree and Judge Berry ordered his dismissal.

Because of criticism of President Roosevelt's recent hunting trip, printed in the May issue of "Our Dumb Animals," the circulation of that particular number of the paper in the Washington public schools has been forbidden. The action was taken by the City School Superintendent and was indorsed by the Board of Education.

EDITORIALLY

Strictly Democratic; cannot be side-tracked, opposes all class and vicious legislation.

# Toric Lenses,

The Latest and Best  
Eyeglasses Made.:

They embody a new principle—each lens has an optical axis. In any direction the field is perfectly flat and distinct to the outer edge. Every lens is guaranteed against defects in material and grinding. . . .

# J. W. JONES, THE OPTICIAN.

MR. CARNEGIE'S GIFTS.

Has Given Away 114 Millions and is Still Giving.

A GREAT FIDDLERS CONTEST

Will Be Held in the City of Louisville June 14, 15 and 16.

The munificence of Andrew Carnegie seems to be inexhaustible. His life is without a parallel among men who have amassed great fortunes. John D. Rockefeller is probably worth two or three times as much. But Rockefeller is not yet satisfied. Carnegie is the only rich man to proclaim the doctrine that it is unnatural to die rich. No other rich man has deliberately set himself to the task of distributing his fortune.

Nearly five years ago Mr. Carnegie retired from business and took up the task of riding himself of his wealth. Beginning with libraries, he has found that he must use other channels. The library demand has been supplied and not even the interest on his \$300,000,000 of steel bonds for two years was consumed. His gifts have taken various forms, and an estimate places the total at \$114,225,240, distributed as follows:

College pension fund . . . . .	\$ 10,000,000
729 Libraries in U. S. . . . .	29,094,080
513 Libraries abroad . . . . .	10,231,160
Carnegie Institute, Pittsburgh . . . . .	7,000,000
Housenhead (Pitts.) Institute . . . . .	500,000
To Seminary colleges . . . . .	15,000,000
National University at Washington . . . . .	10,000,000
Pensions for working men . . . . .	4,000,000
Peace temple . . . . .	1,750,000
Tuskegee Institute . . . . .	650,000
Polytechnic Institute at Pitts . . . . .	2,000,000
Burg . . . . .	2,000,000
Heros' relief fund . . . . .	5,000,000
Engineers' societies . . . . .	1,500,000
Dunfermline endowment . . . . .	2,500,000
Miscellaneous, more than . . . . .	15,000,000
Total (estimated) . . . . .	\$14,225,240

Stupendous as are these figures Mr. Carnegie has not yet been able to make any serious decrease in his principal. When he retired he took a first mortgage on the iron and steel industry of the United States for \$300,000,000. This was not all of his fortune. Out of the tremendous profits of this business for years, he must have accumulated much valuable property, aside from his steel mills. Much of this \$114,000,000 had been given before he announced his purpose to distribute his entire fortune. His gifts have not therefore greatly exceeded his income. He probably still worth \$300,000,000 or more.

Total (estimated) . . . . .

Chill has decided to issue bonds to build a system of railroads throughout the whole country.

When in need of wall paper, window shades, lace curtains, furniture, polish and floor wax have E. L. Brockway bring samples to your home. 37 tf.

The fifth annual convention of the National Association of Referees in Bankruptcy was held at Niagara Falls May 29 and 30.

The Modern Woodmen have changed their time of meeting from Friday night until Thursday night. It is requested that all members be present Thursday night. Important business.

Do You Sell?

I offer my services to the public in conducting all kinds of public sales. W. M. Cravens. 19-tf

Farm of 87 acres, nearly all of which is good tobacco land; new frame house with six rooms; on pine; all in grass except six acres.

Apply at ADVOCATE OFFICE.

Ben Scott, of Winchester, has purchased 5,000 lambs to be delivered between June 10 and July 10 to Wm. Greene, of this city.

For the latest styles in wall paper decorations see Syracuse wall paper samples. Their agent, E. L. Brockway will be pleased to bring them to your house upon request. E. L. Brockway 37-tf.

**BANK MONEY ORDERS.**

We take this opportunity of calling your attention to BANK MONEY ORDERS, a new feature in banking which we are introducing. You will find it convenient for sending small amounts of money to other cities in payment of merchandise, subscriptions to papers, etc. They are absolutely safe and are payable everywhere. Their payment is guaranteed by the American Surety Company, of New York, which has a capital of \$1,500,000. We issue a receipt for each order purchased. You do not have to write out an application for them, as you do a Postal Money Order, and you are thus saved delay and inconvenience. The cost is also less than the money orders, being as follows:

Amounts \$5 and under, 2 cents,  
Amounts \$5 to \$10, 5 cents,  
Amounts \$10 to \$25, 10 cents,  
Amounts \$25 to \$50, 15 cents,  
Amounts \$50 to \$75, 20 cents,  
Amounts \$75 to \$100, 25 cents.

Russian and Japanese Fleets Meet. Victory Crowns the Japanese.

After weeks of delay and uncertainty the two fleets met on Saturday in the Korean Straits, between Japan and the continent. The make up of the hostile powers is as follows:

BATTLESHIPS.  
Russian 7; Japanese 5.  
ARMED CRUISERS.  
Russian 2; Japanese 8.  
PROTECTED CRUISERS.  
Russian 5; Japanese 14.  
DESTROYERS, AUXILIAR CRUISERS, ETC.  
Russian 35; Japanese, indefinite number.

The Japanese sank 13 Russian ships, captured 6 with 3,000 men and men. The number of men killed and drowned is not known.

MT. STERLING, KY.

**The Tournament.**

The annual Blue Grass High and Grammar School Tournament was held in Lexington May 25, 26 and 27.

A total of 60 schools were represented and the attendance was about one thousand. The Mt. Sterling school had — representatives.

While Mt. Sterling did not capture as many prizes as usual, yet she has no reason to be ashamed of her record. The following were the winners of first medals or prizes:

Deborah Coyle, first in Civics; Bruce Young, first in Civil Government; Richard Patterson, first in Grammar School Arithmetic; Frank Wyatt, first in High School Physiology; Gilbert Naterwhite, first in Grammar School Physiology; Sam Chenault, first in United States History; Misses Lillian and Lydia Wood, first in Vocal Duet.

The winners of second were as follows:

Frank Hill, Caesar; Emma Coons, Beginning Latin; Katherine Carmody, Trigonometry; Elizabeth Laughlin, Reading; Mayme Porter, Rapid Calculation.

The examinations were held on Friday at the Dudley School. There was considerable confusion and delay due to the failure of some examiners to be on time and other causes.

The championship base-ball games were played Saturday morning at the State College Park. Attendance was large and the rooting enthusiastic. Because of the failure of some members of the team to be on the grounds, the game between Lexington and Mt. Sterling was forfeited to Mt. Sterling. However, a team was selected by the Lexington school and a five-inning exhibition game played. This resulted in a score of 5 to 3 in favor of Mt. Sterling. At the close of the exhibition game Mt. Sterling and Harrodsburg crossed bats. Mt. Sterling's team did itself proud, beating her opponent by a score of 13 to 4. Chenault did splendid work in the box, and in spite of the fact that he had pitched fourteen innings straight, was too much for Harrodsburg to the last. Stevenson behind the bat did excellent catching, made some beautiful throws to second, and ran in four scores out of the thirteen. Wyatt at short played in excellent form, covering a very large territory. Carmody at first, Elkin on second, Heddern on third, Campbell in right field, enoch in center field, and McNamara in left field all played fine ball. The team work as a whole was of the best.

The field and track events were contested Saturday afternoon. Gray Russell, first in the 220 yard high, Frank Shannon made second in the running broad jump, second in the 220-yard dash and third in the 50-yard dash.

Summing all up Mt. Sterling was first in base ball, second in field and track events, and third in the High and Grammar School contests.

Everybody was well pleased with the excellent entertainment provided for the visitors by the people of Lexington, and all report a rushing good time.

The Japanese sank 13 Russian ships, captured 6 with 3,000 men and men. The number of men killed and drowned is not known.

## INTELLIGENCE OF AN ANT.

Little Workers Possess Great Brain Power and Have a Language of Their Own.

Ants furnish us with numerous proofs of their intelligence, and their prodigious industry. So remote from man from the scientific point of view, they are all the more those whose psychic facilities bring them nearest to him. Sociable, like him, they have undergone an evolution parallel to his, which has placed them at the head of insects in the same way as he has become superior to all other mammals. The brain in ants, as in man, has undergone a disproportionate development. Like man, they possess a language which enables them to combine their efforts, and there is no human industry in which these insects have not arrived at a high degree of perfection. If in certain parts of the earth human societies are superior to those of ants, in many others the civilization of ants is notably superior. No village of Kamiks can be compared to a palace of the Termites. The classifications separate these insects (sometimes called "white ants") from the ants, since the latter are Hymenoptera, while the former are ranked among the Neuroptera, but their constructions are almost alike. These small animals, relatively to their size, build on a colossal scale compared to man; even our most exceptional monuments cannot be placed beside their ordinary buildings. The domes of triturated and plastered clay which cover their nests may rise to a height of five meters; that is to say, to dimensions equal to 1,000 times the length of the workers. The Eiffel tower, the most elevated monument of which human industry can boast, is only 187 times the average height of the worker. It is 390 meters high, but to equal the Termites' audacity, it would have to attain a height of 1,699 meters.

They have more than plenty of it, to go on good, well-tilled collateral. No Kordage, "No Meeting of the Board." If you want to Look or Borrow it, so, go to the Bank.

Unless you MEAN BUSINESS don't talk to them as they are busy attending to their own business.

"Tell your troubles to a Policeman, but your secrets to any of the foregoing, just into the emergency wagon and run to No. 35 W. Main St., "Ring the Bell" No. 107—They'll find you when you come, and the Money, "They'll Now."

TOO LONG in Business to need reference.

## MONUMENTS, MARBLES:

## IRON FENCING,

The Mt. Sterling Marble & Granite Co., W. Main St., Mt. Sterling, Ky., are prepared to furnish you anything for Granite and Marble, Porcelain or Domestic Ornaments, Vases, Iron Fencing, etc.

They are here to stay: Guarantee the work, quality and price.

Pay in advance, get the discount; pay cash for materials; pay no commission to agents or tramps; pay no rents; Are prepared to give you a square deal!

Why go to the city, or buy of a tramp, when you have responsible people at your door ready, ready and willing to give you a square deal?

## EXPOSITION OPENING PROGRAM

Vice President Fairbanks to Speak at Portland—Senator Clark of Wyoming, and Congressman Tawney, of Miss., on List.

Vice-President Fairbanks, representing the President of the United States, will deliver the principal address at the opening ceremonies.

At 1 o'clock tomorrow, Portland time, President Roosevelt of Washington will touch the golden teaglass and start the machinery of the Exposition, peasting forth the strains of "America" from one of the towers on the Government building.

A special from Denver Col. says that Estes G. Rathbone, former Director of Poets in Cuba, and who was sentenced to eleven years in the penitentiary, appeared at the post office in that city with the proper credentials from the department and proceeded to check up the office.

Between ten and twelve thousand men and women belonging to the Rock men's and Excavators' Union have been locked out by the contractors in New York.

A little life may be sacrificed to a sudden attack of croup, if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

If the Mayor of Chicago has no better luck with municipal ownership than he is having with the enforcement of municipal order, his finish is discernible to the naked eye.—Lexington Leader.

Four men arrested in Logan county on the charge of criminal assault were placed in the Bowing Green jail, mob violence being feared if they were kept in jail at Russellville.

HOW TO AWAKE ON TIME.

By Gazing Long and Thoughtfully at the Sun Rising One May Get Desired Result.

"We hear it frequently asserted that, if persons will impress the thought firmly upon their minds and continue thinking about it until they have fallen asleep that they desire to awake at a certain hour in the morning, they will do without fail," said Dr. Joseph L. Toth, a writer in the St. Louis Globe-Democrat, "but how many people have tried this method of insuring prompt awakening at a given hour in the morning and find themselves through out the night disturbed and uneasy?"

"The brain will usually respond to the will and awaken one in the morning near the desired hour under any circumstances, but to prevent unbroken, uneasy sleep the adoption of only a very simple device is necessary. The last thing before getting into bed take a watch or clock and turn the hands to the hour at which one wishes to rise and gaze at this first long enough to fix the hour firmly on the retentive memory. Then, if no other absorbing thoughts intervene between that and the moment one is locked in slumber, the night's rest will be easy and unbroken, and promptly at the hour in the morning, as a rule, one will find oneself released from sleep and wide awake. There is no need to keep thinking of the hour continually for a number of minutes, no need to repeat it over and over in the mind; all this makes the brain uneasy and results in the disturbed slumber."

"Simply look at the watch or clock, as I have indicated, and the influence of mind over matter will be clearly demonstrated in the morning. Try it some night and observe how smoothly 'the psychological fact works.'

Cleaned Out.

When a deep cellar becomes filled with heavy, poisonous air, it is never safe to go into it until it has been cleaned out. When your body has been poisoned with the foul residue of undigested food, it is just as safe to go into it out. To do this, however, and safely, Dr. J. C. Well's (laudanum) Syrup. Peppermint.

It is a specific preparation which has no equal in the cure of constipation, headache, biliousness and stomach trouble.

Sold by W. S. Lloyd at 50c and \$1.00.

Money back if it fails.

A CHOICE.  
One with it no corner, feel  
I own no boudoir stories;  
No more my family belong to me  
Nor any tainted rocks.  
No more I play the king am I;  
But no man shall do it pass by;  
"Ah, then the rascal goes!"

One need not a college out;  
A little more, a day;  
No do I enter less about  
Nor give away.  
To every church from cork to Fea;  
I tend to horses, am what;  
But no man can tell me why;  
"Ah, then the rascal goes!"

The money have a distinct fine;  
But friends are something, too;  
I'd take good fellowship for mine;  
None can tell me why.  
A little more, a day;  
A rascal at the key.  
I hope that none will care to say;  
"Ah, then the rascal goes!"

A FEW DON'T.

Don't throw away a tablespoonful of spiced vinegar. It improves the flavor of mincemeat.

A tablespoonful of orange juice. Use it in a dressing for fruit salad. A tablespoonful of lemon juice. It is nice in pudding sauce.

A tablespoonful of jelly. Place it in the bottom of a glass and fill glass with julep.

A tablespoonful of jam. Put in a small scooped-out mound of rice and see how much it adds in taste and appearance.

A tablespoonful of oysters. Chop fine, mix in your Hamburg steak.

A tablespoonful of ginger syrup. S. into a sugar sauce and serve with apples, cooked whole.

A tablespoonful of sausage meat. Add to stuffing for a beef heart. It accents the seasoning.

A tablespoonful of tomato. Flav- or the soup.

A tablespoonful of cream cheese. Soften, if necessary, with a bit of butter, add a dash of paprika, roll into two small balls. Press a walnut meat on either side and serve with a salad.

A tablespoonful of cooked rice. Use in soup or a custard.

The doors of the State Bank of Canton, O., have been closed.

## HEALTH is the Most Important

The manufacturers of Royal Baking Powder have had 40 years of scientific experience.

Every method of bread-and-cake raising has been exhaustively studied in this country and abroad.

The result is a perfect product in Royal Baking Powder. There is no substitute for it. The purity and efficiency of Royal Baking Powder have been commended by the highest authorities of the world.

These facts mean two important things to all housekeepers

First: that Royal Baking Powder is beautiful and makes wholesome food.

Second: that Royal Baking Powder makes food good to taste.

**ROYAL BAKING POWDER**  
ABSOLUTELY  
PURE

An exchange tells of a man who wanted to leave town. The railroad fare was \$3. He had but \$2. So he went to a pawnbroker and pawned his \$2 bill for \$1.50. Meeting a friend on the street, he sold him the pawn ticket for \$1.50. So he had the \$3 required for his fare. The question is, who lost a dollar in the transaction.

## The Luxury of Living.

You will never know until you have an abundant supply of water in your home. When you consider that we do the pumping all the year round, and that your water supply is always under pressure, there is

### Nothing So Cheap

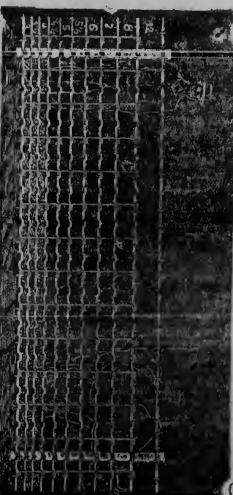

In all your living expenses as the water supply from our mains, you may have water for sprinkling the street and lawn, a faucet in the kitchen, another in your stable, and the charge is

### Only \$12 Per Year

FOR 30,000 GALLONS. With the bath-room connected the cost is \$16 and the allowance 40,000 gallons. The first cost of installing the water is about the same as building a new cistern. Come in and talk about it anyhow, or see your plumber.

**Mt. Sterling Water, Light & Ice Company,**

Office on Court Street.

THE FENCE QUESTION SOLVED

AFTER THE HOLIDAYS COMES the stern realities of Life. Among the many pleasant things which we have to encounter is the FENCE BUILDING. We have the goods that makes this job a pleasure instead of a dread. Inve- tigate the merits of the ROYAL SPRING STEEL FENCE. We have it in all sizes, shapes and kinds. Come in and let us figure with you.

Allen G. Prewitt.

### Live Stock Notes.

It is the character of the animal that counts, not the pedigree. The pedigree is simply to tell what the progenitors have done, and what is a fair expectation of the offspring. A profitable dairy cow is one thing, and a profitable beef cow is another. No beef man would select the carcass of a choice dairy cow for beef purposes. Neither would a cowman select a fat beef or dairy purposes. They both have their important places to fill.

The Arabs are the ideal horse masters. They believe that the character of the horse is as much influenced by kind treatment as the disposition of a child. They make their horses their companions, and consequently have the most docile and teachable horse in the world.

One place where some farmers make a mistake is in trying to get along with too few horses. A little extra force in horse flesh is a wonderful advantage. Horses that are worked to the limit of their strength will not do as much work, nor do it as well, as those which have a little margin to spare.

When stock has been wounded it is best to thoroughly cleanse the wound and after applying an antiseptic, tie it up so as to protect it, and keep it clean.

An extra horse on the farm, to do the going to town, and any special work, is a great advantage. A fresh horse can be used instead of a tired one; an extra horse will enable a man to ride when plowing, or harrowing, instead of walking. It saves man flesh at the small expense of horse-flesh.

A farm and a farmer are easily read by the kind of stock he keeps upon it, and the way in which it is kept. One can purchase fine stock and give it very poor care. A horse's coat, and his ribs, speak louder than words of the disposition of his master.

### Extremely Low Rates Announced via Southern Railway.

Extremely low rates are announced via the Southern Railway from points on its lines for the following special occasions:

Athens, Ga.—Summer School, June 27 to July 28, 1905.

Bristol, Tenn.—Annual Meeting German Baptist Brethren, June 6, 1905.

Knoxville, Tenn.—Summer School, June 20 to July 28, 1905.

Monteagle, Tenn.—Monteagle Bible Training School, July 3 to Aug. 15, 1905.

Monteagle, Tenn.—Woman's Congress, Aug. 1 to 15, 1905.

Nashville, Tenn.—Peabody College, Summer Schools, Vanderbilt Biblical Institute, June 14 to Aug. 9, 1905.

Oxford, Miss.—Summer School, University of Mississippi, June 14 to Aug. 9, 1905.

Richmond, Va.—Farmers' National Congress, Sept. 12 to 22, 1905.

Tuscaloosa, Ala.—Summer School for Teachers, June 16 to July 28, 1905.

Rates for the above occasions open to the public. Tickets will be sold to these points from all stations on the Southern Railway. Detailed information can be had upon application to any ticket agent of the Southern Railway or agents of connecting lines or by addressing the undersigned.

G. B. Allen, A. G. P. A., St. Louis, Mo.

T. W. Crews, T. P. A., Lexington, Ky.

W. H. Taylor, G. P. A., 45-1d Washington, D. C.

Secretary of War Taft, as temporary chairman of the Ohio Republican Convention, addressed that body and referred to the proposed railroad rate legislation as a moderate measure, contrasting it with the Government ownership programme of Mr. Bryan. He also mentioned the probability of tariff revision legislation at the next session of Congress, and expressed himself in favor of removing the high tariff wall between the United States and the Philippines.

## WHERE DISEASE GERMS BREED.

No Need to Fear "Germs" if the Stomach Be Healthy.

The ideal breeding place for disease germs is a weak stomach and digestive system. The food, instead of being assimilated, turns into a sour, slimy, fermenting mass, causing gases, distress after eating, bloating, nausea and flatulence. The poisonous germs that are given off from this undigested food enter the blood and pierce, boils, and blotted skin is the result. Nervousness and sleeplessness come more often from weakened digestion than from any other one cause.

May 31 June 14

California is the greatest oil-producing territory in the world, except Russia. The total of California oil production for 1904 was more than 28,000,000 barrels. This is double the output of New York and Pennsylvania combined; a little less than that of Ohio and Indiana together, and more than twice as much as that of West Virginia, Kentucky and Tennessee.

Gilbert Van Buren Wilkes, of Washington, Mason county, has been appointed a cadet at West Point.

No ordinary food digestive can give lasting relief. It is absolutely necessary, if one wishes to be well, to use Mi-o-na, the only known remedy that soothes and heals the mucous membrane of the stomach and digestive tract, stimulates the solar plexus, and strengthens the nerves of the stomach.

Mi-o-na is a guaranteed cure for all diseases of the stomach, excepting cancer, a guarantee being given by W. S. Lloyd with every package he sells, agreeing to refund the money should the remedy not give perfect satisfaction.

Prohibitionists point with alarm to the statement that \$1,000,000 glasses of beer are consumed daily in the United States, but should cheer up by recalling the fact that about one-half of the liquid is foam—Evening Post.

William Stephens, of Marion county, Cal., murdered his wife and three children, seriously wounded his two other children and then killed himself. There is no known reason for the deed, and it is supposed that he became suddenly insane.

J. W. Crow, of Cleveland, O., was a visitor with A. W. Sutton from Friday till Monday.

Stetson hats. Punch & Graves.

### MARRIAGES.

Rumor has it that there will be sixteen weddings here during the month of June.

THOMAS-BISHOP.

Miss Beulah Thomas, of West Liberty, and Mr. Herbert Bishop, of Morehead, will be married on June 1.

### GREEN HINDS.

J. W. (Bud) Greer was married Thursday, May 25, 1905, to Miss Mary Sudie Hinds at her home near the Levee. Squire John Trimble officiating.

WELLS ANNIE.

The marriage of Miss Mae, daughter of the Rev. J. Morgan Wells, former pastor of the Mt. Sterling Baptist Church, will occur on June 6th, to Mr. Frank Annear, of Lexington.

DR. R. Q. DRAKE.

Dr. and Mrs. R. Q. Drake announce the engagement of their daughter, Elizabeth Brown, and Rev. James Randolph Hobbs, pastor of First Baptist Church, this city. The wedding will take place at the First Baptist Church, Wednesday evening, June 1.

DR. J. G. TRIMBLE.

Dr. Trimble, a hundred and 8,30 o'clock, Dr. J. J. Taylor, of Georgetown, Ky., officiating.

TOVER-BEAN.

On June 22nd Dr. Edward Dean will be married to Miss Bessie Sauer. Both are of South Bend, Ind. Dr. Dean is one of the most estimable and successful and professed professional men that have gone from us. They will be with his mother, Mrs. Emma Dean and relatives here after the 24th for a few days.

PANAMA HATS.

Punch & Graves.

### SOCIAL EVENTS

Mrs. J. M. Oliver entertained at dinner Friday Mrs. J. M. Pfeiffer; Mrs. Quicksell; Mrs. Wm. Swango, Misses Anna Quicksell and Anna Maxey.

The C. E. Sooley will serve cream and strawberries on Mrs. Everett's yard on Friday evening.

### COME IN.

At my place of business, corner of Queen and Locust Streets you will find a nice selection of fresh and cured meats, staple and fancy groceries. Country produce wanted at market price. Special values for cash. E. S. Wilkerson. Both 'Phones 192. 41-1f.

### RELIGIOUS.

Rev. B. F. Parker will preach at Sidewalk on next Sunday morning at 11 o'clock and at 7 o'clock p. m.

Prayer meeting at the home of Miss. Cynthia Reed this evening.

The Womans Christian Temperance Union will meet in Sunday-school room of Christian Church Thursday afternoon at 3 o'clock.

Rev. T. C. Gobauer talked to the town on Sunday at First Presbyterian Church and at night addressed a mass meeting at Methodist Church. He is an able, pleasing and effect leader in Sunday school work.

Miss Mary Oliver, of this city, while descending from a roof garden in New York May 18, injured one hand. She was conveyed to the Roosevelt hospital and stood a successful operation. She is improving nicely and will be able to resume her studies in three weeks.

On June 8 at Olympian Spring a three days' meeting by non-union insurance men will begin, for discussion of plans.

### DEATHS.

Ogg — After a protracted sickness closing with a state of unconsciousness for about a week, Mr. Alfred M. Ogg, a bachelor, aged 58 years, 3 months, 20 days, died in this city on Thursday, May 25, 1905, at the home of Mrs. Lucy Ogg, his daughter-in-law. He was a native of Louisa county, Va., and had lived in Kentucky for 30 years. Rev. H. G. Turner conducted the funeral service on Saturday at 3 o'clock, and the burial was in Machpelah.

BURTON — John W. Burton died suddenly at his home in this city on Sunday afternoon, May 28, 1905. More than two years ago he had a severe attack of heart disease and spent some months in the south.

Since then he was apparently in good health. On last Saturday, after attending the funeral of Mr. Ogg in this city, he experienced trouble again, but on Sunday attended church as usual.

He was a member of the First Baptist Church, and Burton started to take a short walk.

As he stepped from his front door the fatal summons came and he pitched forward on the veranda and was dead. Mr. Burton was born in Oldham county, March 29, 1848. He entered the Union Army at the age of 14 years. After the war he was in Louisville, and went to Powell county when 21. His first wife was Miss Harriett Dickenson, of Powell county. To them were born 3 daughters, Misses Maggie, Anna and Alice. Miss Madeline, Gen. Estelle, the city, Geo. Hon, of Wimchester, and Daniel Prentiss, of this city. His second marriage was to Miss Lillie Rhoades, of Mason county, who with two sons, Rhoads and John, aged 13 and 7 years, survive him. He has been a resident of this city since 1882 prominently identified with the business interests of the town in lumber and planing mill. From 1887 to 1901 he was associated with J. L. McCormick in different firms. He was President of Reliance Manufacturing Co. at Winchester, with his son-in-law and daughter. He was a member of the Methodist church.

For many years he has been a Stewart, also Treasurer of the Sunday school. Attentive to business, he has given time, sympathy and money for the Lord's work. Thus he lived, and when death came he had no fear, ready to go, as he said to his wife a few minutes before life's work closed as they talked of the present and the future. Rest thou from earth's duties and joys for the realities of heaven are thine. The funeral service was conducted at Methodist church on Thursday morning at 10 o'clock by Rev. J. L. Weber, of Winchester, assisted by Rev. H. G. Turner, of the Methodist church, this city.

Funeral service was conducted at Machpelah Cemetery in this city on Monday morning by Rev. J. B. Muscham, assisted by R. W. Trimble, after which the remains were laid to rest beside his wife.

The surviving children, relatives and friends extend our heartfelt sympathy.

### Death of George M. Hampton.

George M. Hampton was born in Greenup county, Ky., May 18, 1818. In 1835 he moved to Bell county, locating near Sharpesburg. On June 15, 1837, he married Miss Jane McCormick at Sharpesburg; she died in November, 1840, leaving no children. His second marriage occurred on July 29, 1841, to Miss Mary F. Galbreath, also Sharpesburg. To them were born four children: P. B. Turner, of this city, and Mrs. S. E. Myers, of Moorefield. Mrs. Hampton died April 24, 1900. Before and since then he lived with his daughter, Mrs. Myers, until two months ago he came to live with his daughter, Mrs. P. B. Turner, near this city, during which time he was confined to his bed. Here he died on Saturday evening, May 27, 1905, having celebrated his 87th birthday on May 18.

Mr. Hampton was twice elected to the Kentucky Legislature, first from Bell county in 1850, and having moved to Morgan county in 1854 he was elected in 1861 to re-
